	Name of the company	Description	Interests
1.	LLC Santa Bremor	Our company is one of the largest manufacturers of high-quality food products in Eastern Europe. The company specializes in the production of frozen and chilled fish and seafood, ice cream, and semi-finished products. Company website: https://www.bremor.com/	looking for distributors in the KSA to work with retail chains and HoReCa.
2.	LLC Humiland	Fertilizer production (humic preparation, organic fertilizer vermicompost)	- search for agents
3.	Borisov Technopark	- export of pure organic fertilizer without chemical additives - DPM (Dry Bird Manure) granulated . DPM is produced using the new KMA (Kinetic Mechanical Activation) technology. - offer a proven, fast and effective solution of processing chicken manure into a mass-market product - DPM (Dry Bird Manure) granulated using the new KMA (Kinetic Mechanical Activation) technology. Briefly The uniqueness of this technology is in its energy efficiency, low cost of the final product, with its high quality (at the exit of the machine - a practically sterile product, free of pathogens and toxins). The equipment is characterized by quick installation, enormous reliability and durability, low operating costs (less than 3 thousand euros for installation per year). It does not require heat supply and communications. Only electricity is needed for operation. The technology is modular. The capacity can be increased gradually. The lines can be installed in close proximity to sources of raw materials. The technology is waste-free. The output is only finished products and water vapor.	- search for agents, - They can offer participation in projects for the construction of processing plants using the new Waste-Free KMA technology. It is possible to see the work of such technology in Belarus.
4.	Private Unitary Enterprise "BELATEKAVTO"	1) Logistics 2) Peat extraction	1) cooperation with residents of Saudi Arabia in terms of

			<p>organizing multimodal logistics</p> <p>2) an investment project on peat extraction and processing in Belarus (presentation is attached), interested in investors/partners from the CA</p> <p>3) interested in creating a joint trading enterprise on the territory of the Arabian Peninsula for the sale of peat and nutrient substrates based on them for consumers in the GCC countries, look for partners.</p>
