HCL Technologies Ltd

https://www.hcltech.com/

HCL Technologies is a next-generation global technology company that helps enterprises reimagine their businesses for the digital age. Our technology products and services are built on four decades of innovation, with a world-renowned management philosophy, a strong culture of invention and risk-taking, and a relentless focus on customer relationships. HCL also takes pride in its many diversity, social responsibility, sustainability, and education initiatives. Through its worldwide network of R&D facilities and co-innovation labs, global delivery capabilities, and over 208,000+ 'Ideapreneurs' across 52 countries, HCL delivers holistic services across industry verticals to leading enterprises, including 250 of the Fortune 500 and 650 of the Global 2000.

Enterprises across industries stand at an inflection point today. In order to thrive in the digital age, technologies such as analytics, cloud, IoT, and automation occupy center stage. In order to offer enterprises the maximum benefit of these technologies to further their business objectives, HCL offers an

integrated portfolio of products and services through three business units. These are IT and Business Services (ITBS), Engineering and R&D Services (ERS), and Products and Platforms (P&P).

The company's DNA of grassroots innovation, its ingrained culture of co-innovation, and its tradition of going far beyond what is expected to create customer value, clearly differentiate it and gives it a distinct advantage in creating value for businesses in the digital and connected world.

Nagarro Software Pvt Ltd

https://www.nagarro.com/en

In a quickly changing and evolving world, the challenges you face are ever more unique and complex. To find solutions, you need forward-thinking, agile, caring partners that can help you transform, adapt, and build. At Nagarro, we excel at digital product engineering and deliver on our promise of thinking breakthroughs.

We care about our clients, about their success, and about the partnership we aim to build. We are built to do, correct, explore, innovate, breakthrough and repeat. We own up to our successes and our mistakes. We are not a process, we are not anonymous. We stand responsible for how we treat our work, our colleagues and even our planet. We care about intelligence, not location, about results, not process, about being bold, not being held back by structure. We define ourselves not by the mold of yesterday but create the mold of tomorrow. We empower our colleagues to be brave, creative, entrepreneurial, agile, and responsible. We are present everywhere and can be anywhere. We are diverse, we are not painted through a single country or nationality. We are building collective intelligence, we learn from yesterday to succeed better tomorrow.

Tata Consultancy Services

https://www.tcs.com/
