IOI PALM WOOD

IOI Palm Wood Sdn. Bhd.

OnCore A Better Wood

Contact Person

- Name: **Mr Hans Peter Fitch**
- Designation: **Chief Executive Officer**
- Email: peter.fitch@ioigroup.com

COMPANY PROFILE

- IOI Palm Wood is a subsidiary of the IOI Corporation Bhd. We are Malaysia's first manufacturing plant, utilizing customized European technology, to convert oil palm trunks into eco-friendly, sustainable, and high-performance palm wood panels.

BUSINESS INTEREST

- Target market is **manufacturers of doors, partitions, and general joinery items.**
- To **collaborate with Architects, Specifiers, and Interior Designers** to realise the full potential of using palm wood.
- To produce a **sustainable, climate positive, and quality material** that can be used as an alternative to normal timbers.

SAMPLE RANGE

ADVANTAGES OF OnCore A Better Wood

- **Value for Money** - competitive climate positive options for manufacturers.
- **Fire Retardancy** – Our material can enhance the fire retardancy on engineered doors and other products.
- **Stability** – "OnCore" material will not swell and distort when subjected to high moisture unlike MDF and Particleboard.
- **Resistance** – to mould, fungus, and borers. Our "OnCore" can be pre-treated with approved fungicides and pesticides, if required.
- **No Added Formaldehyde (NAF)** – all our products are formaldehyde free.

KEY ACTIVE EXPORT MARKETS

- Trial shipments exporting to **China, Japan and Germany**.
